Good morning,

I just got off the phone with Vicky and we discussed possible dates for a Dugout mid-term site visit. The week of the 23rd-27th will work for Vicky (with the exception of Monday the 23rd). So let me know what dates (either the 24th, 25th or 26th) would work best for you.

Additionally, let me know what you'd like to see during the site-visit so we can get a handle on timing/logistics etc. If folks want to see a lot of sites, we may need to do an overnight in Price.

Get back to me when you can.

Thanks,  
Steve
